# Installing MultiSim 14.3

NOTE: you must only install the Education version of Multisim. You may need to uninstall the professional version of Multisim first.
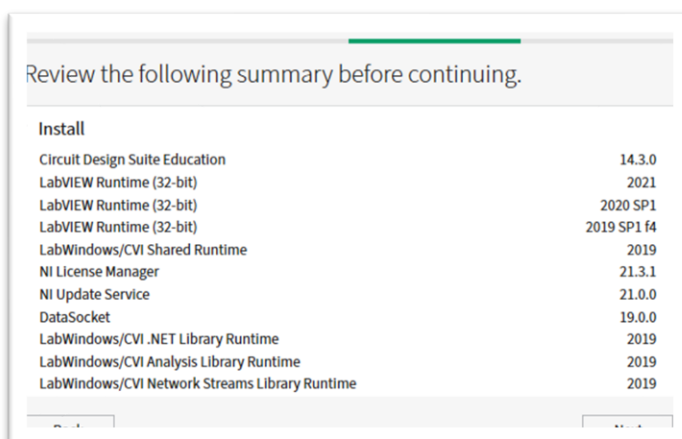

1. Agree to the license agreements and install NI Package Manager.

2. Choose to install the NI certificates.

3. Click next and agree to the license on the following screens.

4. Login to activate. If you don't have an account you'll need to create one.

Let's get started

You must obtain and activate a software license to continue. Learn r

[Log in to Activate]

5. Enter the serial number for the education edition.
